FCU FCHCs

Built in 1906 and re-introduced in 2015, the historically preserved Wick Tower sets the standard for luxury living in the City of Youngstown. The 49-unit building offers spacious studio, 1, 2, and 3 bedroom apartments, all with modern interiors, high-end finishes, and stylish furnishings.

Owner/Developer
NYO Property Group

Fan Coil Units (FCU) are available in a variety of configurations designed for quiet, energy saving operation and design flexibility. Ice Air FCUs utilize the highest quality materials and manufacturing practices, meet all UL standards and conform to ASHRAE 90.1, local building codes and energy standards.

Horizontal Concealed Fan Coil Units (FCHC) are easily adaptable for concealed or above-ceiling mounting. The FCHC units save floor space and offer flexibility to meet a variety of custom space requirements.

About Ice Air. Headquartered in Mount Vernon, NY, Ice Air develops and manufactures a wide variety of HVAC units for new construction, replacement and retrofit applications. The company's PTAC products are designed to provide years of efficient, trouble-free performance in multifamily housing, hotels/motels, dormitories, commercial buildings and similar projects.
